

TEXT C: Allergies app

ANSWERS

a How many Australians have an allergy? 1 mark

four million

b What does Bria mean when she says that mild allergies 'don't really do much harm in the long run'? 1 mark

She means that mild allergies can be annoying but they won't damage the person's future health.

c There are four dairy products mentioned that Bria's brother can't eat. Name **two**. 2 marks

Possible answers include:

- **milk**
- **cheese**
- **yoghurt**
- **ice-cream**

d Tick (✓) the correct box.

What is meant by 'eat out'? 1 mark

- to eat a meal outside
- to eat at a restaurant rather than at home**
- to finish a meal
- to eat a dairy-free meal

e Bria lists several types of food that people can be allergic to. Name **three** of these. 3 marks

Possible answers include:

- **dairy**
- **wheat**
- **eggs**
- **seafood**
- **soy products**
- **nuts**

f Do restaurants like the SafeBite app? Why does Bria think they have reacted this way? 2 marks

Yes, because they will hopefully get more customers.
