

## TEXT D: Smartphone apps

### ANSWERS

- a** Choose the word that best describes the relationship between Krishan and Molly. 1 mark

- difficult  
 **supportive**  
 awkward  
 distant

- b** Krishan is nervous about his presentation to the managers. Why is he nervous? How does he show this? 2 marks

**Possible answers include:**

**Krishan is nervous because**

- he doesn't have any new ideas to present
- the meeting is coming up soon (that afternoon)

**He shows this by:**

- speaking quickly
- speaking loudly
- excited tone of voice

- c** Krishan describes several smartphone apps he has developed. In the table below, list his two unsuccessful ideas and describe the consequences or response from users for each. 4 marks

Smartphone app ideas	Consequences / Response from users
playing tricks on grandparents	complaint / nasty letter / accidents
alarm for dog going to the toilet	angry reviews/complaints from people who were woken up at night by the alarm

- d** Krishan and Molly work for the same company, but in different departments. Which department does each work in? 2 marks

**Krishan: the smartphone apps department**

**Molly: the legal department**

- e** Name one app idea suggested by Molly. 1 mark

**Possible answers include:**

- an app people can use to vote in elections
- an app that helps you to stop smoking cigarettes
- an app that helps you to decide when to wear a hat
- an app that lets you design hats
- an app that tells you when new apps you might like become available
